Order #11-17-21

Approval of Claims Docket

Be It Ordered:

By the Mayor and Board of Aldermen to approve the Claims Docket as presented, provided funds are budgeted and available, finding that the expenditures are to objects authorized by law.

Said motion was made by Alderman Guice and seconded by Alderman Young.

A roll call vote was taken with the following results:

Ayes: Alderman Klein, Alderman Bledsoe, Alderman Guice, Alderman Bostick, Alderman Johnson, Alderman DuPree, and Alderman Young.

Nays: None.

Absent: None.

So ordered this 16th day of November, 2021.

Mayor

Attest:

CAO/City Clerk
Seal

** At this time Mayor Latimer introduced Anna Holtzclaw with the Tri-State Compact Agency. Ms. Holtzclaw explained how the Tri-State Compact Agency would work to benefit TN, AR, and MS. There was much discussion on the potential 3 State agreement. It was requested to continue this discussion at the December 7, 2021 Mayor and Board of Aldermen meeting. No action was taken on this matter.

Order #11-18-21

Order to approve payment

Be It Ordered:

By the Mayor and Board of Aldermen to approve payment to Hollingsworth Paving, Inc. for the Fire Stations repaving/sealing in the amount of \$47,794.82.

Said motion was made by Alderman Guice and seconded by Alderman Bledsoe.

A roll call vote was taken with the following results:

Ayes: Alderman Klein, Alderman Bledsoe, Alderman Guice, Alderman Bostick, Alderman Johnson, Alderman DuPree, and Alderman Young.

Nays: None.

Absent: None.

So ordered this 16th day of November, 2021.

Mayor

Ordinance #21-11-277

**AN ORDINANCE ADOPTING REGULATIONS FOR SMALL CELL TECHNOLOGY
FACILITIES IN THE CITY OF HORN LAKE, MISSISSIPPI**

WHEREAS, the City of Horn Lake, Mississippi, (the “City”) seeks to facilitate the availability of reliable, personal wireless communications services for its citizens and the public by permitting the placement of Small Cell Technology Facilities and associated structures along the Right of Way and on private properties in the City; and

WHEREAS, the installation, expansion, and maintenance of Small Cell Technology Facilities and associated structures on or along the Right of Way and on private properties might have significant impact upon: (1) the aesthetic values and character of the City; (2) safe use and passage on or along the Rights of Way by the public; and (3) properties and property values in the City in the areas where such structures are placed; and

WHEREAS, the Federal Telecommunications Act of 1996 (the “Act”) and regulations promulgated with respect to the Act by the Federal Communications Commission (“FCC”) authorize local governments to enact reasonable regulations for the permission, placement, expansion, height, and maintenance of Small Cell Technologies Facilities and associated structures; and

WHEREAS, Mississippi Code Section 21-37-3 authorizes the governing authority of a municipality to exercise full jurisdiction in the matter of Right-of-Way; and

WHEREAS, as provided in this Ordinance and as permitted by Federal and State Law, the City seeks to encourage, where feasible, the collocation of Small Cell Technology Facilities on existing poles and other Structures as opposed to installation of new structures; and

WHEREAS, the above-noted collocation and other provisions of this Ordinance are intended to be consistent with the Act and its associated regulations; and

WHEREAS, the adoption of the regulations, procedures, and requirements in this Ordinance will permit Applicants and Providers to enhance the provision of personal wireless service and protect the public welfare, health, safety, and interests of the City’s citizens.

NOW, THEREFORE, BE IT ORDAINED by the Mayor and Board of Aldermen of the City of Horn Lake, Mississippi, that the following is adopted:

SECTION 1. Definitions.

The terms below have the following meanings for purposes of this Ordinance.

A. “Abandonment” or “Abandon(s)” means that, following the placement of DAS and/or Small Cell Technologies Facilities (and associated Accessory Equipment) or Support Structures in the City pursuant to a permit issued to a Provider or an Applicant, any of the following has occurred:

(1) for any reason the Facilities cease to be used to transmit signals, data or messages or otherwise be used for their intended purposes for a period of ninety (90) days;

(2) the City revokes the permit for placement and use of those Facilities due to nonpayment of applicable fees, the failure of the Provider or Applicant to comply with conditions in the permit or in this Ordinance, or other valid reason; or

(3) the Provider or Applicant fails to perform any of its responsibilities, obligations and requirements in this Ordinance or in a permit that relates to the installation, construction, maintenance, use or operation of the Facilities, Accessory Equipment or Support Structures, and that breach remains uncured for a period of sixty (60) days after the City provides written notice of the breach to the Provider or Applicant.

B. “Accessory Equipment” means any equipment other than an antenna that is used in conjunction with DAS and/or Small Cell Technology Facility arrangements. This equipment may be attached to or detached from a DAS and/or Small Cell Technology Wireless Support Structure, and includes, but, is not limited to, cabinets, optical converters, power amplifiers, radios, DWDM and CWDM multiplexers, microcells, radio units, fiber optic and coaxial cables, wires, meters, pedestals, power switches, and related equipment on, or in the immediate vicinity of a Support Structure. The term does not include the structure or improvements on, under, or within which the equipment is collocated, wireline backhaul facilities, coaxial or fiber optic cable that is between wireless support structures or utility poles or coaxial or fiber optic cable that is otherwise not immediately adjacent to, or directly associated with, an antenna.

C. “Antenna” means communications equipment that transmits and receives electromagnetic radio signals, is attached to a DAS and/or Small Cell Technology Wireless Support Structure and is used to communicate wireless service.

D. “Applicant” whether singular or plural, means a Personal Wireless Service Provider, Wireless Infrastructure Provider, or an entity (including one that is not a Provider) that is authorized by a Personal Wireless Service Provider to apply for or receive a permit to install, construct, manage, modify or maintain a DAS and/or Small Cell Technology Facility and related Accessory Equipment or Support Structure in the City, or an entity licensed by the FCC, or an entity certificated by the Mississippi Public Service Commission to provide telecommunication service.

E. “Application” means a formal request submitted to the City for a permit to install, construct, modify or maintain a DAS and/or Small Cell Technology Facility and related Accessory Equipment or Support Structure.

F. “City” means the City of Horn Lake, Mississippi.

G. “Board of Aldermen” means the Board of Aldermen of the City of Horn Lake, Mississippi.

H. “Collocation” means the placement or installation of a new DAS and/or Small Cell Wireless Technology Facility or related Accessory Equipment on an existing pole or other Support Structure that is owned, controlled or leased by a utility, the City, or other person or entity.

I. “DAS” or “Distributed Antenna System” is a network of spatially separated Antenna sites connected to a common source that provides wireless service within a geographic area or structure.

J. “Distributed Antenna System Facilities and/or Small Cell Technology Facility(ies)” or “Facilities” whether singular or plural, means and includes the following types of structures: (a) antenna; and (b) associated Accessory Equipment.

K. “Personal Wireless Service Provider” or “Provider” means an entity that provides personal wireless communication services to the public or citizens of the City on a commercial basis and is authorized by the FCC to provide those services.

L. “Private Property” means real property located in the City that does not lie within the Right of Way.

M. “Director of Planning” means the person appointed by the Mayor and the Board of Aldermen as the Director of Planning, who is responsible for the administration of this Ordinance.

N. “Right of Way” whether singular or plural, means the surface and space in, upon, above, along, across, over and below any public streets, avenues, highways, roads, courts, lanes, alleys, boulevards, ways, sidewalks, and bicycle lanes, including all public utility easements, as the same now or may hereafter exist, that are within the City’s corporate boundaries and under the jurisdiction of the City. This term shall not include county, state or federal rights of way or any property owned by any person or entity other than the City or City property that is not right-of-way.

O. “Support Structure” or “DAS and/or Small Cell Technology Wireless Support Structure,” whether singular or plural, means a freestanding structure designed or used to support, or capable of supporting, DAS and/or Small Cell Technology Facilities, including, but not limited to, utility poles, street light poles, traffic signal structures, rooftops, attics, or other enclosed or open areas of a building or accessory structure, a sign, or a flag pole. These terms do not include the City’s decorative and/or architecturally significant street light poles as those decorative lights are inappropriate for use as a Support Structure.

P. “Stealth Technology” means a method(s) of concealing or minimizing the visual impact of a DAS and/or Small Cell Technology Facility (and associated Accessory Equipment) and Support Structure by incorporating features or design elements which either totally or partially conceal such Facilities or equipment. The use of these design elements is intended to produce the result of having said Facilities and associated structures blend into the surrounding environment and/or disguise, shield, hide or create the appearance that the Facilities are an architectural component of the support structure.

Q. “Wireless Infrastructure Provider” means any person, including a person authorized to provide telecommunications service in the state, that builds or installs wireless communication transmission equipment, wireless facilities or wireless support structures, but that is not a wireless services provider.

SECTION 2. Permit Required to Place DAS and/or Small Cell Technology Facilities.

A. A Provider or Applicant must obtain an infrastructure permit from the City before placing, installing, constructing, or operating any DAS and/or Small Cell Technology Facility (and associated Accessory Equipment) on any Support Structure that is located on the Right of Way, or Private Property, including substantially modifying the position or characteristics of any such existing Facility thereon.

B. The Director of Planning (the “Director”), or his/her designee, will review and administratively process any request for a permit to determine whether, in the exercise of the Director’s reasonable discretion, it should be issued for the location and in the manner requested by the Applicant. In those Districts which require a conditional use permit as required by this ordinance, after such conditional use permit is issued, the Director may review and administratively process any request for a permit to determine whether, in the exercise of the Director’s reasonable discretion, it should be issued for the location and in the manner requested by the Applicant. In this process, the burden is on the Provider or Applicant to demonstrate that the placement of the proposed DAS and/or Small Cell

Technology Facility and associated Accessory Equipment or Support Structure is necessary to achieve the Provider's or Applicant's goal of enhancing the provision of personal wireless services when considering all pertinent factors discussed in the provision immediately below. Except as set forth in this section or if an appeal is taken, this permitting process will be administrative and not require the approval of the Board of Aldermen or City official other than the Director. The factors, requirements and guidelines that the Director may consider and will apply when determining whether to issue a permit for placement of DAS and/or Small Cell Technology Facilities and associated structures include, but are not limited to, the following:

(1) A Conditional Use Permit has been approved by the Board of Aldermen, if a new Support Structure is necessary. In addition to the standard review criteria, the following criteria shall also be considered by the Director in considering an application for a New Support Structure:

- a. Spacing between support structures,
- b. Collocation availability,
- c. Appearance of the proposed Support Structure and Facilities as a whole, taking into consideration the design guidelines depicted in Exhibit "A," and
- d. Impact to the surrounding environment;

(2) the visual impact of placing the Support Structures or Facilities in the subject area;

(3) the ability and specifications of the structures upon which the Facilities and Accessory Equipment are placed to safely support those Facilities and Accessory Equipment;

(4) the character of the area in which the Facilities are proposed for placement, including surrounding buildings, properties and uses;

(5) whether the appearance and placement of the requested Facilities is aesthetically consistent with the immediate area and/or needs landscaping or other screening features. Aesthetic considerations shall take into account the proposed location and the design guidelines depicted in Exhibit "A;"

(6) whether the Facilities are consistent with the historic nature and/or unique characteristics of the requested location;

(7) whether the Facilities exceed the height of similar existing structures in the area, or where no similar existing structures are present, whether the Facilities exceed the height limitations established for the zoned district in which a structure is proposed, but in no event shall a Facility's height exceed fifty feet (50');

(8) Collocation. To the extent reasonable, in the discretion of the Director, all Facilities and associated Accessory Equipment that are placed in the City shall be attached to a pre-existing Support Structure that is owned, controlled or leased by a utility, franchisee, the City or other entity or person with the permission of the owner of such structure. If the Applicant demonstrates that no collocation opportunities exist in the area where a technologically documented need for a Facility exists, the Applicant may request that a new pole or other Support Structure be installed in that area for purposes of constructing the Facilities. Before any new Support Structure is permitted, each of the following must occur:

- (a) the Applicant must have provided the City written evidence that no reasonable collocation opportunity exists. This documentation should include, but not be limited to, affidavits, correspondence, or other written information that demonstrates that the Applicant has taken all commercially reasonable actions to achieve collocation in the requested location or area, that the Applicant has pursued but been denied (or received no response) access to all potential collocation sites in the subject area (and the reasons for any such denial(s)), or otherwise show that the Applicant is unable to collocate on an existing Support Structure, including for technical and other valid reasons; and
- (b) the Director must recommend the placement of a new Support Structure in the Right of Way after thorough review by the Director of Public Works, or his designee; and,
- (c) newly constructed Support Structures shall be to the extent reasonably possible, built in such manner as to readily accommodate collocation by no less than one (1) similar (though potentially competing) entity with equipment of equal or greater size. The owner of such structure shall not unreasonably deny another carrier from collocation. The collocation requirement may be waived by the City of Horn Lake for good cause shown. Such waiver will not be unreasonably withheld.
- (d) a conditional use permit is approved by the Board of Aldermen.
- (9) if a Facility is attached to a utility pole or other Support Structure, no Antenna or other part of the Facility shall extend more than ten (10) feet above the height of such Support Structure; if the Facility includes an antenna array, the array shall be flush mounted within eighteen (18) inches of the Support Structure, or be contained in a canister that is a continuation of the approximate diameter of the Support Structure, and the array colored to match the support structure;
- (10) the location of any new Facilities shall be subject to review by the Director for its visual impact and to avoid an appearance of “clutter” among other Right of Way uses in the vicinity;
- (11) the Accessory Equipment shall, if reasonably possible, be buried, placed within the pole, in a cabinet under the pole, or at least twelve (12) feet above the ground and limited to twenty-eight (28) cubic feet cumulatively;
- (12) the color of Antenna and Accessory Equipment shall be compatible with that of the Support Structure or in a manner that otherwise attempts to conceal the equipment against the background of the developed or natural environment;
- (13) the Facility (including the Accessory Equipment) shall not be illuminated unless required by applicable laws and regulations;
- (14) display of logos, branding, or the like on the Facilities in any way that may reasonably be construed as advertising shall be prohibited;
- (15) whether Applicant has provided documentation that the proposed installation will not cause harm to the public or pose any undue risk to public safety;

(16) whether the proposed installation may interfere with vehicular traffic, passage of pedestrians, or other use of the Right of Way by the public;

(17) if the proposed installation will disturb conditions on the Right of Way, whether the Applicant can demonstrate its ability and financial resources to restore the subject area to its preexisting condition following installation;

(18) structures and Facilities, either in their installation or continued operation shall in no way interfere with the telecommunications capabilities of emergency responders or any public safety personnel; and

(19) that the applicant covenants and agrees to indemnify, defend, save, and hold harmless the City of Horn Lake, Mississippi, and its agents, officials, officers, and employees from and against any and all claims, injuries, losses, liabilities, damages, charges, costs, and expenses (including reasonable attorneys' fees and costs), whether suffered by the applicant or any other person (including the City of Horn Lake, its agents, or employees), which may occur on the property of the City of Horn Lake or elsewhere, on account of or by reason of any matters which arise during, or from, the issuance of the permit described herein or which may materially affect the issuance of the permit described herein, except to the extent that any such matter is caused by the negligence or misconduct of the City of Horn Lake, its employees, contractors or agents.

SECTION 3. Application Process.

The application process for locations within the City follows herein. Applications for locations on Right-of-Way or private property, including, but not limited to, additions to existing structures on private property, are required to be reviewed by the Director of Planning or his/her designee subject additionally to the City's Zoning Ordinance (for new Support Structures), Building Code and construction permitting processes. The Director and his/her staff may also rely on a review by other Departments as deemed necessary.

A. At a minimum, each application for a permit shall contain the following:

(1) Drawings stamped by a licensed engineer depicting the type of Facilities, Support Structure, and means and points at which such Facilities and associated Accessory Equipment will be attached to a Support Structure;

(2) Map(s) designating with specificity the location(s) of the requested Facilities and all other existing or proposed locations of the Applicant within 1,000 feet;

(3) The geographic coordinates of all antenna and other proposed Facilities of the Applicant within 1,000 feet;

(4) If the Facilities will be located on the Right of Way on a Support Structure that is owned by any entity other than the City or the Applicant, a copy of any license, lease, agreement, letter or other documentation evidencing that the owner of that Support Structure authorizes the Facilities to be attached thereto or agrees in principle to authorize that attachment; provided that, if a representation is made to the City that the attachment has been authorized in principle by the owner of the Support Structure but the Applicant subsequently fails to furnish the City documentation that finalizes any such agreement, the City may refuse to issue the requested permit until that documentation is provided, or, if the City issues the requested

permit before receiving such final documentation, the subject permit may be revoked and any license to use that part of the Right of Way be rescinded.

(5) If the Applicant requests permission to place Facilities on a new Support Structure, other requirements contained in this Ordinance shall be met.

(6) Photo-simulated post-construction renderings depicting the proposed facilities and equipment, including any/all equipment cabinets, ancillary structures, coloration, and landscaping.

B. An application shall not be deemed complete until the Applicant has submitted all documents, information and forms specifically enumerated in this ordinance that pertain to the location, construction, or configuration of the Facilities or Support Structures at the requested location(s). Within ten (10) calendar days after an application for permit is submitted, the City shall notify the applicant in writing if any additional information is needed to complete that application or supplemental information is required to process the request. Once the completed Application is submitted, the Director shall make the final decision to approve or deny a complete application within sixty (60) days. Applications for a new Support Structure requiring a conditional use permit from the Board of Aldermen shall be approved or denied within ninety (90) days of the submission of the completed application.

C. Additional Requirements. Any Provider or Applicant to whom a permit is issued and who places Facilities and associated Support Structures on the Right of Way shall comply with the following requirements so long as those Facilities and Support Structures are on or under the Right of Way:

(1) Prior to installing the Facilities or Support Structures, the Applicant shall provide the City a certificate(s) of insurance, or of self-insurance, evidencing that it has obtained and will maintain the following types of insurance in connection with its operations on or use of the Right of Way:

(a) Commercial General Liability coverage insuring the risk of claims for damages to persons or property arising from or related to the installation, construction, maintenance, operation or any use of Facility or Support Structure placed on or along the Right of Way by the Applicant with minimum limits of \$1,000,000 per occurrence and \$2,000,000 aggregate; and

(b) Workers Compensation Insurance as required by statute. The required General Liability coverage shall include the City as an additional insured as its interest may appear under this Ordinance. All required insurance policies shall be furnished by insurers who are eligible to transact business in the State of Mississippi and are rated at least A-VII by AM Best. Following initial installation, if any changes in coverage occur, the Applicant shall furnish the City a new Certificate indicating that the above-noted coverage remains and will remain in effect. In lieu of the insurance requirements above, an Applicant may provide a certificate of self-insurance sufficient to satisfy the above amounts.

(c) Applicant shall require any contractors and subcontractors to obtain and maintain substantially the same insurance with substantially the same limits as required of Applicant, including the City as an additional insured as its interest may appear under this Ordinance, and providing to the City a certificate of insurance evidencing such coverage.

(2) Permits for the construction of new facilities or the placement of collocated equipment shall be good for twelve (12) months following issuance of the permit. If construction or installation are not completed

in that amount of time, the permit will terminate, and the applicant must remove any partially installed equipment. The City may take applications for the same or nearby locations and hold them in standby until it is known whether full installation/construction on an active permit is completed. If/when construction or installation is underway but delayed due to unforeseen circumstances, including, but not limited to the lack of available commercial power or communication facilities to the site, the City may consider a request for a six (6) month extension to a permit. Permit fees shall be non-refundable.

(3) All Facilities and associated Support Structures shall be installed, erected, maintained and operated in compliance with applicable federal and state laws and regulations, including, but not limited to, regulations of the FCC.

(4) Following the installation of any Facilities and associated Support Structures, the Provider or Applicant, upon reasonable request and for good cause, shall furnish the Director a written certification from a licensed professional engineer in the State of Mississippi stating that those structures have been inspected and are being maintained, operated and used in compliance with all applicable laws and regulations, including those of the FCC that pertain to the transmission of wireless communication signals. For purposes of this provision, “good cause” shall mean circumstances have arisen that indicate the Facilities and associated Support Structures have been damaged, are not functioning in compliance with applicable laws and regulations, or otherwise pose a hazard to the public. If those Support Structures should fail at any time to comply with applicable laws and regulations, the Provider or Applicant, at either of their expense, shall cause those structures to be brought into compliance with said laws and regulations within thirty (30) days of the date of any written notice to them from the Director of noncompliance, or cease all personal wireless service operations related to those structures until the Applicant or Provider comes into full compliance with said laws and regulations. If within ninety (90) days of the date of written notice of non-compliance the Applicant has not brought the structure into compliance, the City may remove said structures from the Right-of-Way in accordance with Section 5(1), (2), and (3).

(5) The Facilities and associated Support Structures must be maintained in good and safe condition.

(6) Each Applicant or Provider that applies for a permit to place Facilities (including the Accessory Equipment) and Support Structures on the Right of Way and installs and utilizes those structures shall defend, indemnify and hold the City and its employees or officials, harmless from all demands, losses, expenses (including attorney’s fees and court costs), claims for personal injury or property damage, judgments or liabilities of any type that may be asserted or claimed against the City (or its employees or officials) by any third person, firm or entity that arise out of or relate in any manner to the following:

- (a) the installation, construction, maintenance, location, use or operation of the permitted Facilities, Accessory Equipment or any Support Structure on or about the Right of Way; and/or
- (b) the failure of the Provider or Applicant to perform any of their respective responsibilities, obligations and permit requirements in this ordinance. Notwithstanding the foregoing, the Provider or Applicant shall not be obligated to indemnify the City for City claims resulting from the negligence or willful acts of the City (or its representatives).

(7) Franchise Agreements for Other Uses of Right of Way. This Ordinance regulates the placement of DAS and/or Small Cell Technology Facilities (and associated Accessory Equipment) on or in the immediate vicinity of Support Structures that are located or proposed to be located on the Right of Way or private property. No provision of this ordinance is intended to permit, regulate or authorize the placement by a Provider or Applicant of fiber optic lines, coaxial cable, switches, pedestals or networking equipment of any type that is used to transport telecommunication signals, data or messages between

Support Structures or between any other points on the Right of Way. In the event any such Provider or Applicant desires to place telecommunications equipment or Facilities along the Right of Way at points not regulated by this Ordinance, the City may enter into franchise or similar agreement that authorizes, governs and applies to such use of other locations on or along the Right of Way.

SECTION 4. Compensation.

A. Permit and License Fees. The Applicant for a permit to place Facilities or associated Support Structures on the Right of Way shall pay the following types of fees:

(1) for Facilities, a \$500.00 non-recurring permit application fee that may include up to five Facilities, with an additional \$100.00 for each Facility beyond five; each location in a combined application shall be required to receive a unique permit per location; or

(2) for Support Structures (i.e., a new pole, and not a collocation, intended to support one or more Small Wireless Facilities) a \$1,000.00 non-recurring permit application fee; and

(3) a \$270.00 annual license fee per Small Wireless Facility due on or before December 31 every year the Facility remains in operation, except as provided in Section 4.B.

B. Annual License Fee Payments. In the first year of this Permit, the Provider's or Applicant's annual license fee shall be due upon completion of a structure or installation and payable within thirty (30) days therefrom and are not prorated. In the first year of this Permit, the license fee shall be \$270.00 for Facilities completed and/or installed between January 1 and June 30 and shall be \$135.00 for Facilities completed and/or installed between July 1 and December 31. Thereafter, the Provider's or Applicant's annual license fee payable under Section 4A (3) shall be due and payable to the City annually on or before December 31 for the following calendar year. All payments due under this Permit shall be made to the City of Horn Lake.

C. Annual license fee payments not received by the City on or before the due date shall be assessed interest of 1 % per month commencing on the first day after the due date. Failure to make full payment including applicable interest charges, after thirty (30) days advance written notice, within sixty (60) days of the applicable payment date shall constitute a violation of this Permit.

SECTION 5. Abandonment of Facilities on Right of Way.

A. If a Provider or Applicant abandons any Facility (including the Accessory Equipment) or an associated Support Structure (collectively "Facilities" for purposes of this Section) that is located on the Right of Way, the Provider shall notify the Director in writing, within thirty (30) days of the abandonment, and the following rights and obligations shall exist. The City may require the Provider or Applicant, at their expense, to remove and reclaim the abandoned Facilities within six (6) months from the date of written notice of abandonment given by the City to them and to reasonably restore the condition of the property at which the Facilities are located to that existing before they were installed. If the Provider or Applicant fails to remove and reclaim its abandoned Facilities within such six (6) month period and the Facilities are located on the Right of Way, the City shall have the rights to:

(1) remove them and charge its expense of any such removal operation to the account of the Provider or Applicant,

(2) at the City's discretion, either resell the abandoned Facilities to a third party or dispose and salvage them; provided that the net proceeds of any resale of abandoned Facilities by the City to a third party shall be credited to the account of the Applicant or Provider that used those Facilities before the abandonment, and

(3) charge any expense incurred by the City to restore the Right of Way to the account of the Provider or Applicant.

SECTION 6. Non-Applicability.

The placement of an antenna(s), facilities or equipment related to the following types of wireless communication services are exempt from regulation under this ordinance:

(a) amateur radio service that is licensed by the FCC if the facilities related thereto are not used or licensed for any commercial purpose; and

(b) facilities used by any federal, state or local government or agency to provide safety or emergency services. Further, the provisions in this Chapter are supplemental to, and not intended to alter, affect or modify any other provisions in the City of Horn Lake ordinances that may be applicable to the placement or use of macro Telecommunications Tower.

SECTION 7. Posting of Permits.

At all times while work or construction is in progress, a copy of the permit must be located at or near the work or construction site and shall, on request, be shown to the Director or any public safety or code officer.

SECTION 8. Suspension; Revocation of Permit.

If work under an issued permit fails to conform to the conditions of the permit or the requirements of this Ordinance or existing ordinances of the City of Horn Lake, and such nonconformance is not cured within seven (7) days of notice from the City, the permit may be revoked or suspended. If the permit is suspended, work shall be stopped until the permittee gives assurance to the Director of his or her ability and intention to complete the work in accordance with the conditions of the permit and this Ordinance and the other ordinances of the City. Any notice of revocation, suspension or stop work order shall be delivered in writing to the permittee or his or her designee or to a representative of the permittee, such as the project manager or the person who is overseeing or managing the work or construction and shall state the reasons for such action.

SECTION 9. Liability of the City.

Neither the City nor any officer or employee thereof shall be held responsible for any damages caused by any work or construction in any street, alley, sidewalk, right-of-way, or other public place made by any person under the authority of a permit issued pursuant to the provisions of this Ordinance. The permittee shall be solely liable for any damage or loss occasioned by any act or omission occurring in connection with such work or construction, and shall fully indemnify, hold harmless and defend City, its officers, officials, and employees from and against any and all suits, actions, judgments, losses, costs, demands, claims, expenses (including attorney's fees), damages, and liabilities of every kind to which the City and its officers, officials, and employees may be subjected for injury of any type, death or property damage arising from or connected with any such act or omission. The City shall promptly notify a permittee, at the address(es) set forth in the permit, of any claim or suit served upon

the City and alleging negligent or wrongful conduct by the permittee in connection with work or construction that is the subject of a permit.

SECTION 10. Violations and Penalties.

A. Any person or entity violating any of the provisions of this Article shall be guilty of a misdemeanor. Each person shall be deemed guilty of a separate offense for each day or portion thereof during which that person knowingly commits any violation of any of the provisions of this Article is committed. Upon conviction of any such violation, said violator(s) shall be punished by a fine of not more than one thousand dollars (\$1,000.00) for each such violation.

B. No person or entity who has violated any provision of this Article shall be issued another permit hereunder, nor shall any contractor or agent apply for or be issued such a permit on such person’s behalf, until the outstanding violation is corrected or a plan for correction is approved by the Director, which approval shall not be unreasonably withheld. The foregoing requirement or penalty is in addition to any penalty or remedy for violation that may be imposed or sought by the City at law or equity.

SECTION 11. Other Ordinances; Severability.

A. All provisions of the ordinances of the City of Horn Lake in direct conflict with the provisions of this Ordinance are subordinated to this Ordinance and all other provisions of the ordinances of the City of not in conflict with the provisions of this Ordinance shall remain in full force and effect.

B. If any sentence, paragraph, subdivision, clause, phrase, or section of this Ordinance or the application thereof to any person or circumstances be adjudged or held to be unconstitutional, illegal, invalid, or unenforceable by a court of competent jurisdiction, such finding or such invalidity shall not serve as an invalidation or affect the validity or enforceability of any other section or provision of this Ordinance and to this end, the provisions of this Ordinance are declared to be severable. Such an invalid sentence, paragraph, subdivision, clause, phrase, or section shall also not affect the validity of the Code of Ordinances as a whole.

SECTION 12. Effective Date

That this Ordinance take effect and be in force one (1) month from and after passage as provided by law.

The foregoing Ordinance having been reduced to writing, the same was introduced by Alderwoman Johnson, seconded by Alderman Young, and was adopted by the following vote, to-wit:

Alderman Klein:	Yea
Alderman Johnson:	Yea
Alderman Guice:	Yea
Alderman Bostick:	Yea
Alderman DuPree:	Yea
Alderman Bledsoe:	Yea
Alderman Young:	Yea

Having received a majority of affirmative votes, the Mayor declared that the foregoing Ordinance was adopted this the 16th day of November, 2021.

EXHIBIT A – DESIGN GUIDELINES

- THE USE OF STEALTH TECHNOLOGY TO CONCEAL OR MINIMIZE THE VISUAL IMPACT OF A DAS AND/OR SMALL CELL TECHNOLOGY FACILITY IS STRONGLY ENCOURAGED UNDER THESE DESIGN GUIDELINES.
- THE COLOR OF ANTENNA AND ACCESSORY EQUIPMENT ATTACHED TO EXISTING FACILITIES SHOULD MATCH THAT OF THE EXISTING FACILITIES. IF ATTACHING TO EXISTING WOODEN POLES, NEW ANTENNA AND ACCESSORY EQUIPMENT SHOULD BE BLACK OR GRAY IN COLOR WHEN TECHNICALLY FEASIBLE.
- THE COLOR OF NEW FACILITIES SHOULD MATCH STREETLIGHTS IN THE VICINITY OF THE INSTALLATION. IF THERE ARE NO STREETLIGHTS IN THE AREA; OR, IF THERE ARE WOODEN UTILITY POLES, BLACK IS THE PREFERRED COLOR FOR NEW FACILITIES.
- ANTENNA AND ACCESSORY EQUIPMENT SHOULD BE SHROUDED BY A CANNISTER OR CABINET TO THE EXTENT THAT IT IS TECHNICALLY FEASIBLE. THE CANNISTER AND CABINETS SHOULD BE SLEEK IN APPEARANCE, WITH MINIMIZED VIEW OF WIRES OR OTHER APPURTANCES.
- HIGH QUALITY METAL IS THE PREFERRED MATERIAL FOR NEW FACILITIES AND CABINETS THAT SHROUD ANTENNA AND ACCESSORY EQUIPMENT AND SHALL BE REQUIRED WHERE TECHNICALLY FEASIBLE.

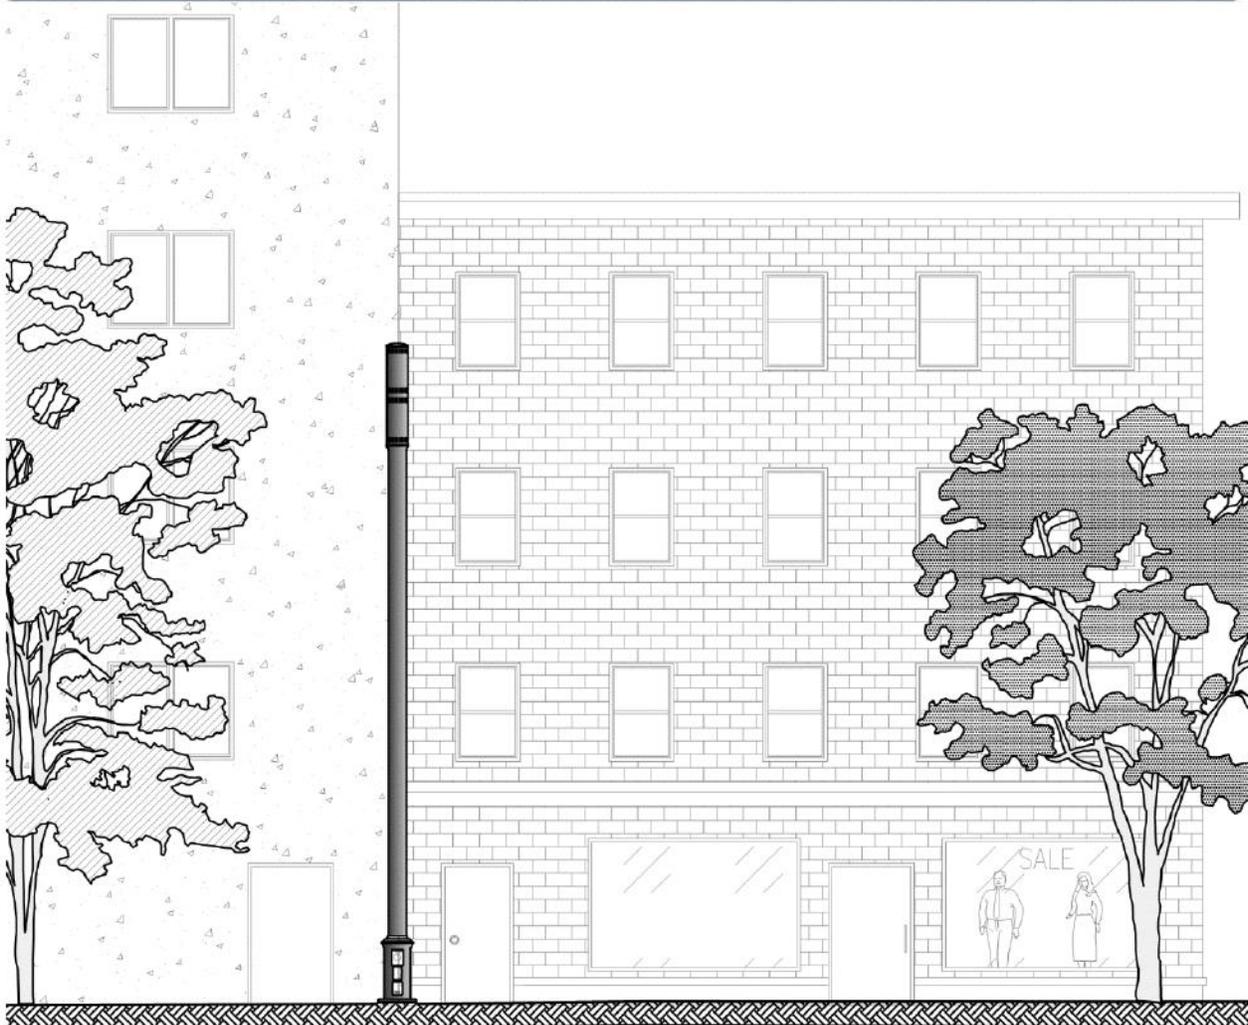

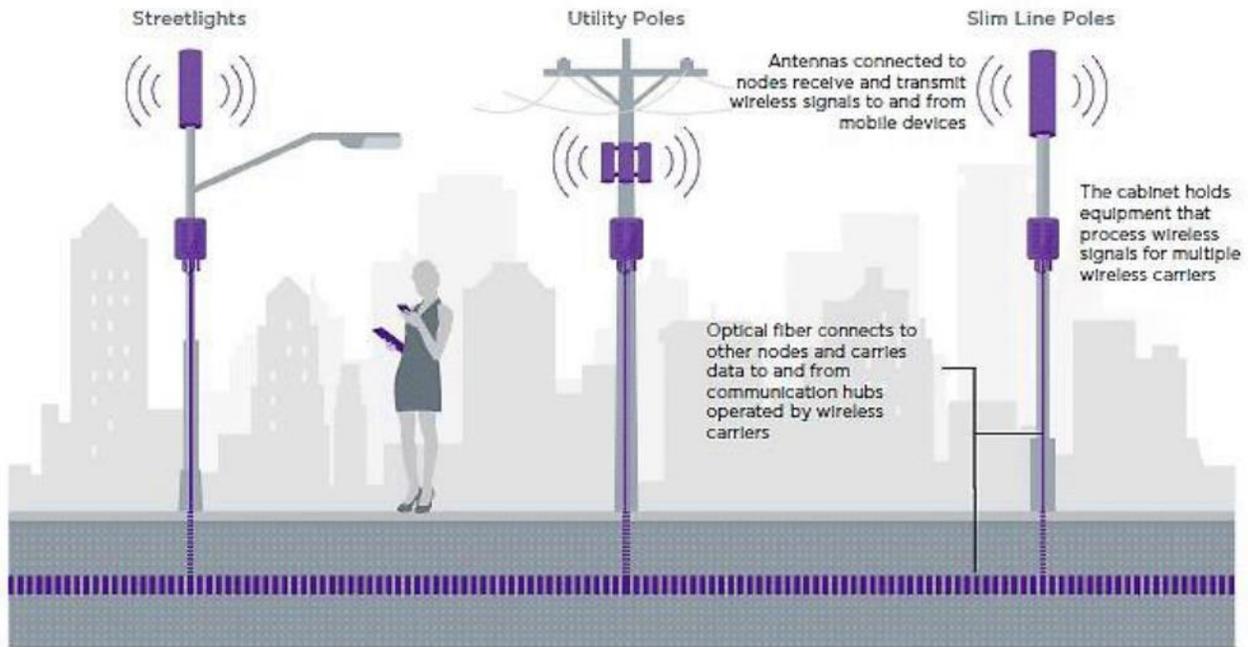

ATTACH TO EXISTING SUPPORT STRUCTURE

NEW FACILITY

What Are Small Cell Deployments?

Small cell deployments are complementary to towers, adding much needed coverage and capacity to urban and residential areas, venues, and anywhere large crowds gather

** At this time the Mayor called on William Egner from 7475 Jennifer Drive for citizens remarks. Mr. Egner shared concerns on several issues. Mr. Egner commented that the issue with fireworks is with the discharge not the sale of fireworks. Mr. Egner stated the rental ordinance should be concerned with benefiting the citizens of Horn Lake and not be used as a revenue stream for the City. Mr. Egner shared if a citizen owns a rental they should not have to pay the fee but if someone from out of State or Country owns a rental they should have to pay. Mr. Egner stated the mosque should be allowed to be built. Mr. Egner thanked the Mayor and Board for allowing him to speak.

** At this time the Mayor opened the floor for discussion on proposed changes to the current City Ordinance for the sale, purchase, and discharge of fireworks in the City of Horn Lake. Alderman Guice spoke for the informal committee working on the Ordinance and presented the proposed Ordinance changes. Additional discussion ensued among the Aldermen about the sale/discharge dates/times, permit fees, and fines. Alderwoman Johnson requested additional changes to the dates and times to include celebration of Juneteenth on June 19th.

Ordinance #21-11-278

ORDINANCE OF THE MAYOR AND BOARD OF ALDERMEN OF THE CITY OF HORN LAKE, MISSISSIPPI, AMENDING THE CITY FIREWORKS ORDINANCE

WHEREAS, pursuant to Miss. Code Ann. § 21-17-5, as amended, the Mayor and Board of Aldermen of the City of Horn Lake, Mississippi (the “Governing Authority”), has the authority to adopt any orders, resolutions, or ordinances with respect to the municipal affairs of the City, which are not inconsistent with the Mississippi Constitution of 1890 or any other statute or law of the State; and

WHEREAS, pursuant to Miss. Code Ann. § 21-19-1 et seq., as amended, the Governing Authority has the power to make all necessary rules and regulations to secure the general health of the City; to preserve good order and peace of the City; and to adopt codes dealing with the general public health, safety, and welfare; and

WHEREAS, pursuant to Miss. Code Ann. § 21-19-15(3), as amended, the Governing Authority has the power to regulate the sale or use of fireworks; and

WHEREAS, the Governing Authority has found and determined that it is necessary for the promotion and protection of the health, safety, and general welfare of the citizens of the City to amend the City Fireworks Ordinance.

NOW THEREFORE, be it ordained by the Mayor and Board of Aldermen of the City of Horn Lake as follows:

1. Sec. 16-65 through Sec. 16-68 of the Code of Ordinances, City of Horn Lake, Mississippi, are hereby amended to read as follows:

Sec. 16-65. – Regulations.

This article shall be known as the “City of Horn Lake Fireworks Ordinance,” and the following sections of this article are adopted and shall be enforced in the city. It shall be unlawful for any person, corporation, association, or other entity to:

- a) Manufacture fireworks within the municipal corporate limits of the city.
- b) Sell fireworks within the municipal corporate limits of the city except on the sale dates and within the time restrictions as provided herein.
- c) Use or discharge fireworks within the municipal corporate limits of the city except on the dates and within the time restrictions as provided herein.

Sec. 16-66. - Definitions.

The following words, terms and phrases, when used in this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Fireworks means firecrackers, Roman candles, torpedoes, sky rockets and any and all explosives commonly known and referred to as “1.4G Consumer Fireworks.” The term “fireworks” does not include auto flares, toy pistols, toy canes, toy guns, and other devices in which paper caps manufactured in accordance with the United States Interstate Commerce Commission regulations for packing and shipping of toy paper caps are used, or toy pistol paper caps manufactured as provided under the law, the use of which shall be permitted at all times.

Sec. 16-67. – Sale or Use/Discharge of fireworks.

- a) It shall be unlawful for any person, corporation, association, or other entity to sell fireworks within the municipal corporate limits of the city except on the dates of June 17 through July 4, and December 20 through December 31, from 9:00 a.m. to midnight (12:00 a.m. the following day), and on July 5 and January 1 from 9:00 a.m. to 10:00 p.m.
- b) It shall be unlawful for any person, corporation, association, or other entity to use or discharge fireworks within the municipal corporate limits of the city except on the dates of June 18, June 19, June 29 through July 5, and December 26 through January 1, from 5:00 p.m. to 10:00 p.m. Notwithstanding the foregoing, on July 4, use/discharge of fireworks is allowed from 5:00 p.m. to midnight (12:00 a.m. on July 5), and on December 31, use/discharge of fireworks is allowed from 5:00 p.m. to 1:00 a.m. (on January 1).
- c) It shall be unlawful for a person under eighteen (18) years of age to use or discharge fireworks, unless the person is directly supervised by a parent or legal guardian eighteen (18) years of age or older. “Directly supervised” shall be defined as being physically on site and present with the person under eighteen (18) years of age while engaged in the use or discharge of fireworks. It shall be unlawful for a parent or legal guardian of a person under eighteen (18) years of age to knowingly allow such person to use or discharge fireworks without being directly supervised.
- d) It shall be unlawful for any person, corporation, association, or other entity to use or discharge fireworks in any manner whatsoever which results in damage to public or private property or interferes with the use or occupation of public or private property.
- e) It shall be unlawful for a person under eighteen (18) years of age to purchase fireworks. It shall be unlawful for any person, corporation, association, or other entity to sell fireworks to a person under eighteen (18) years of age.
- f) All fireworks vendors must have an on-site manager at each location where fireworks are sold to supervise any employees under eighteen (18) years of age.

- g) All fireworks vendors shall display a sign, a minimum of 16 square feet, which states the information contained within this ordinance on the allowable dates and hours of use/discharge of fireworks, age restrictions, required parental supervision, prohibition on damage to property, and fines. In addition to posting a sign at each location where fireworks are sold, the vendor must distribute a printed notice of such ordinance provisions as well to every customer, whether it is a printed flyer, a handout, printed bag, or receipt.
- h) A tent permit fee of \$1,000 is hereby established for each location where fireworks are sold and shall be collected prior to the issuance of a permit for the location.

Sec. 16-68. - Special supervised public display permit.

(a) Conditions. Notwithstanding the use/discharge provisions contained in Sec. 16-67, any person, corporation, association or other entity shall be allowed to obtain a permit for a supervised public display of fireworks at a cost of \$50.00, payable to the city general treasury, after having met the following conditions:

- 1) Application. Within 30 days of the scheduled supervised public display of fireworks, the applicant shall complete the application which shall be obtained from the fire department and shall state that the applicant will comply with all fire and safety regulations as set forth by the fire department and brought to the attention of the applicant.
- 2) Bond. The applicant shall obtain a bond in a minimum amount of \$100,000.00 to satisfy claims for damages to property or personal injuries arising out of any act or omissions as a result of the supervised public display of fireworks event.
- 3) Standby firefighters. To pay the city clerk's office \$250.00 for each piece of fire equipment and personnel deemed necessary by the fire official per three-hour period.
- 4) No supervised public display permit shall be issued for a location less than one (1) acre.

(b) Immediate revocation; reimbursement. If, in the opinion of the fire official, emergency conditions exist which warrant the immediate revocation of the supervised public display permit without prior notice, all money shall be returned to the applicant.

2. Any person, corporation, association, or other entity found guilty of violating any provision of this ordinance shall be guilty of a misdemeanor and punished by a fine not to exceed \$1,000.00 or by imprisonment not to exceed 90 days, or both, for each violation. Each day any violation of any provision of this ordinance shall continue shall constitute a separate offense.

3. This ordinance shall become effective and be in full force from and after being certified by the City Clerk, signed by the Mayor or Board Majority, recorded in the ordinance book, published and after waiting one month after the date of passage.

After first having been reduced to writing, then read and considered section by section and as a whole by the Mayor and Board of Aldermen, a motion was properly made by Alderman Guice and duly seconded by Alderman Klein for the adoption of this ordinance. A roll call was taken with the following results:

Alderman Klein:	Yea
Alderman Johnson:	Yea
Alderman Guice:	Yea
Alderman Bostick:	Nay
Alderman DuPree:	Nay

Alderman Bledsoe: Yea
Alderman Young: Nay

The foregoing ordinance was adopted this the 16th of November, 2021.
