

SITE PLAN REVIEW APPLICATION

City of Horn Lake
Planning Department
3101 Goodman Road, W
Horn Lake, MS 38637
Phone: 662-342-3559
Fax: 662-342-3485

Incomplete applications will not be processed. Due date is the 1st Friday of the month. The Technical Review Committee reviews applications prior to the Planning Commission hearing. Planning Commission hearings are the last Monday of the month unless otherwise announced. Applicants or their representative should be in attendance at both meetings.

Site Plan Review Fee: **\$200**. Submit the \$200 fee and required plans in accordance with the requirements of Section IV.

Applicants and their architect/designer should be in attendance at the Planning Commission Meeting held the last Monday of each month.

Site plan review and approval by the Planning Commission is required for:

- All new buildings and building additions, including, but not limited to duplexes, multi-family, townhouses, office, retail and service, warehousing and manufacturing.
- Site Alterations including the construction of driveways, loading areas, and parking areas.
- Any use requiring a Conditional Use Permit

V. SITE PLAN INFORMATION REQUIRED

Site Plans shall be drawn to a scale of not less than one hundred (100) feet to the inch and shall include a title block and north arrow on each sheet. One paper and one digital copy of the following are required:

Sheet One – Vicinity Map: Name of development, phase number, developer/owner, engineer, section, township and range, acreage and zoning.

Sheet Two – Existing Survey: Boundary description, including area, bearings and dimensions of all property lines; tie in dimension from property corner to nearest existing street(s) and to section corner; location of all major tree growth; existing buildings, drives and improvements to the site; existing tree masses, streams, floodplain and other natural features and locations and types of existing easements.

Sheet Three – Topography, Grading and Drainage Plan: Show existing contours in five (5) feet intervals. Grading plan, SWPP and drainage plan with calculations

Sheet Four—Proposed Development Plan: The location, arrangement and dimensions of

- a. Streets and driveways;
- b. Parking areas including number of off-street parking spaces and handicapped spaces, dimensions of parking aisles

- c. Existing and Proposed Utilities and easements;
- d. Sidewalks and other pedestrian or bicycle rights-of-way
- e. Buildings, including proposed land use; height and total square footage; and set backs
- f. Off-Street Loading areas, dumpster areas

Sheet Five – Proposed Landscaping, Buffering, Screening, and Open Space Plan:

Location of all groundcover, trees, shrubs, fences, and landscaping elements including species, size (height, not gallon), width of buffers; location of irrigation, type and height of fencing, loading areas and dumpster screening. Must also include a means of dedication of common open space areas and organization arrangements for the ownership, maintenance and preservation of such spaces.

Cross Sections and Illustrations Required: Streets and paving; stormwater and drainage facilities: BMPs; handicapped parking; queuing lanes for drive-through windows.
