The Greenest City in Mississippi

Dear Citizens,

I hope this message finds you well. I am writing to inform you of an upcoming change to the sanitation billing rates that will take effect in the December billing cycle. Due to recent developments regarding the landfill location, the city must implement a necessary rate adjustment. As you may know, the county has relocated the landfill, which has resulted in our trash contractor needing to travel a longer distance. This increased travel distance has led to higher costs for fuel, maintenance, and overall operational expenses. In light of these changes, the sanitation billing rate will increase from \$19.79 to \$21.50 per month. We understand that any increase in costs can be challenging, and we have done our best to keep these adjustments to a minimum while ensuring that we can continue to provide reliable sanitation services to our community. Thank you for your understanding and continued support. Should you have any questions or concerns regarding this change, please do not hesitate to reach out to our office.

Sincerely,

Rodney Nash
Asst. Utility Director/Deputy City Clerk
